

Online Photo Gallery & Daily News

We post as many photos as we can each day, and do our best to capture each camper often! We also post daily newsletters about camp happenings, special events, and announcements.

Keep a close eye on your inbox for camp emails!

Camper Calls

Campers can elect to schedule one phone call with home during the camp session. As in other areas of camp, we believe in listening to our campers, and sometimes they will opt *not* to have a phone call - that's ok, too! Sometimes it can exacerbate homesickness.

Calls from the Health Center

If your child spends the night in the Health Center or makes a trip to the doctor, you will be notified by our nursing staff as soon as possible.

Mail from Campers

While campers aren't strictly required to write home, we do encourage them to do so! Since we are in a rural area, a letter may take up to a week to reach you.

Head Counselor Communication

You can expect to hear from your camper's Head Counselor via email (or phone, if that's what you request) at least a couple of times during the session, with updates on friendships, any challenges, and successes!

First Day Call

If this is your child's first summer at Akeela, you'll receive a call from a camp director or senior staff member within the first 24 hours of camp. We'll let you know how your child is adjusting, and answer any questions you have.

Family Communication at Camp Akeela

One of the most crucial parts of our program is how we partner with parents to ensure that every camper gets the most out of their summer with us. Keeping lines of communication open is vital, and we are aware there is no "one size fits all" solution -every family will need something different. With the efforts of head counselors, the office team, our camp photographer, and the health center, here are some of the communications you can expect from Akeela during your camper's stay! And don't forget, you can always call us directly.

After Camp Communication

In September, you'll receive a brief report from us summarizing our staff's feedback of your child's time at Camp Akeela.
